REVIEW QUESTIONS:

1. What aspects of Europe's 19th-century history contributed to the Great War?
2. How did the First World War lead to revolution in Russia and the disintegration of several once-powerful empires?
3. Why were the Bolsheviks able to ride the Russian Revolution to power?
4. What role did the war play in **eroding** European dominance in the world?
5. Why did China and Japan follow such divergent paths in this period?
6. How did European and North American society and technology change in the aftermath of the war?
